

# OnePay Capital

## Turn future sales into working capital.

**Say you want to expand. Or make renovations. Or even upgrade your equipment. Borrowing money through a loan isn't the only option. In fact, it's easier than ever to get the funds you need.**

**Knowing cash flow is one of the top concerns for small businesses. OnePay helps you grow your business with a convenient alternative to bank loans. We qualify your business for an advance amount based on your average Visa, MasterCard and Debit monthly processing.**

### Benefits of OnePay Capital

- Use your sales to generate a working capital advance  
**Sure you're a small business. But that doesn't mean you don't dream big. That's where OnePay can help.**
- Fast application process  
**Standard loans aren't for everyone. And they definitely aren't simple, one-page applications like OnePay.**
- Get funded quickly  
**Not only is applying fast and easy, but once you're approved, you'll see cash in your account within just 5-7 days.**

---

**OnePay** makes it easy to invest in your business using the money you're already making.

---

Trouble getting investment capital?  
Not anymore.

**Sometimes it's tough for your business to get investment capital through traditional small business loans. OnePay solves all of that. With approval rates of 85% and a simple, single page application, we make it easy for you to get started—and get qualified.**

How Does It Work?

- 1. Apply.** To start, just tell us a bit about you and your business. It's quick. Besides, you've got other things on your plate today.
- 2. Get Qualified.** Approved applicants get their working capital advance amount based on their average monthly Visa, MasterCard and Debit processing. Brilliant, right?
- 3. Repay based on your sales.** You won't get stuck with a fixed payment that your current sales can't support, since repayment is managed through partial withholding of settlement funds. Unlike a loan, Clover Capital has:

- No fixed term
- No fixed payment amount
- No interest rate
- No personal guarantee
- No collateral
